PROFESSIONAL SUMMARY

Innovative and detail-oriented Software Engineer with extensive experience in software development, mobile development, UI/UX, system design, and DevOps. Proficient in modern technologies including React.js, React Native, Next.js, Angular, Java, Python, Spring Boot, Swift, AWS, Kubernetes, PostgreSQL, SQLite, MySQL, and more. Adept at leading projects, optimizing performance, and implementing scalable software solutions. Passionate about mentoring and educating the next generation of developers.

TECHNICAL SKILLS

- ✚ Frontend: React.js, Next.js, Angular, Vue.js, JavaScript, TypeScript, Tailwind CSS
- ✚ Backend: Java, Spring Boot, Python, PHP, Node.js, PostgreSQL, SQLite, Swift, MySQL
- ✚ DevOps & Cloud: AWS, Google Cloud Platform (GCP), Docker, Kubernetes, CI/CD, Microservices
- ✚ Database & Tools: SQL, MongoDB, Git, Agile Development
- ✚ Operating Systems: MacOS, Windows

PROFESSIONAL EXPERIENCE

Tech Educator | Software Engineer

 October 2024 – Present

- ✚ Creating educational content on software development and programming, with a focus on web development, front-end and back-end technologies, and best practices. Developing tutorials, courses, and live streams to help learners build practical skills and advance their careers. Covering a wide range of topics, including Next.js, JavaScript, React, Node.js, TypeScript, and more. Engaging with the community through live Q&A sessions, code reviews, and collaboration on open-source projects.

Software Engineer | Upwork, Remote

 March 2023 – Present

- ✚ Design and develop software architectures and system components, including databases, user interfaces, and back-end services.
- ✚ Develop custom, scalable and modern software web applications for clients both local and international that serves their business and personal purposes.
- ✚ Created prototypes to validate technical feasibility and explore new ideas.

- ✚ Optimize system performance by implementing best practices in software engineering.

Web Developer | Upwork, Remote

 March 2020 – Nov 2023

- ✚ Designed and built full-stack solutions using modern frameworks like React, Next.js, and Spring Boot. Developed RESTful APIs, integrated third-party services like Stripe and AWS, and optimized applications for performance and security. Provided post-deployment support and technical consultation to ensure long-term client satisfaction.

Store Cashier | Drinks.ng, Victoria Island, Lagos

 April 2023 – June 2024

- ✚ Handled daily cash and card transactions with precision, assisted customers with purchases and payment inquiries, and updated sales records using POS and inventory systems. Provided financial reports to management while maintaining a professional and friendly customer service approach.

Administrative Assistant | Kropmann Communications Limited, Victoria Island, Lagos

 Jan 2019 – March 2023

- ✚ Coordinated office operations, scheduled meetings, handled correspondence, and managed document filing systems. Assisted in office administration, ensured smooth workflow, and utilized productivity tools to enhance operational efficiency

EDUCATION

AltSchool Africa | Lagos, Nigeria

- ✚ Advanced Diploma in Software Engineering (Sept 2022 - Sept 2024, Graduated - Certified)
- ❖ Relevant Coursework: Data Structures & Algorithms, Operating Systems, Artificial Intelligence, Agile Development, Cloud Computing, Software Security, and Web Development.

Alison Institute of Technology | Galway, Ireland

- ✚ Diploma in DevOps Engineering (March 2021 – March 2023, Graduated - Certified)
- ❖ Relevant Coursework: Docker, Kubernetes, Google Cloud Platform, Agile Project Management, CI/CD Pipelines, Microservices, Infrastructure as Code (IaC), and DevSecOps.

Alison Institute of Technology | Galway, Ireland

- ✚ Diploma in Software Project Management (Jan 2019 – Jan 2021, Graduated - Certified)

- ❖ Relevant Coursework: Agile Project Development, Software Development Life Cycle (SDLC), Risk Management, Scrum Methodology, Software Estimation Techniques, and IT Governance.

Christ the king College (C.K.C) | Benue state, Nigeria

- ✚ Specialized in Sciences - Physics, Chemistry, Biology, Mathematics, and more (2011 – 2016, Graduated - Certified)

Unity Nursery & Primary School | Benue state, Nigeria

- ✚ Specialized in Sciences - Computer Science, Physical Health Education, , Quantitative Reasoning, Verbal Reasoning and more (2000 – 2009, Graduated - Certified)

CERTIFICATIONS

- ✚ Web Developer – freeCodeCamp (2022)
- ✚ AWS Certified Cloud Practitioner – Great Learning (2022)
- ✚ IT Management (Software & Databases) – Alison Institute of Technology (2022)
- ✚ Certified Kubernetes Administrator (CKA) – Linux Foundation (2023)
- ✚ Google Cloud Certified Associate Cloud Engineer (2023)

ADDITIONAL INFORMATION

- Hobbies: Reading & Research, Coding Challenges, Sports, Social Engagement, Singing
